Weather Plays Havoc With Fixtures

All games were off this weekend due to the adverse weather conditions. With Mother Nature being as it is for every January some would say that the schoolboys league should call a blanket ban on all games for the month.

It would spare the pitches and the kids would not have to play in the terrible conditions. Alternatively the schoolboys league could try and block book the allweather pitches in Killarney Celtic, Tralee IT and Killorglin for each Saturday during the month and play all games there.

On a brighter note The Saturday Morning Soccer on the Dragons Den was full of kids enjoying the soccer.

Life After Old Trafford

Ole Gunnar Solskjaer became the first person to be introduced into Norway's Hall of Fame following his Molde teams 2nd league win in a row.

“look at him. Short hair and no tattoos. For me he’s the example football needs” - PSG Coach Carlo Ancelotti on the clean-cut image of Messi—another 4 goals last night.
