Most Games Called Off

Once again the weather played havoc with the fixture list. The only game at the weekend saw the U13's get beaten on the all weather pitch Saturday afternoon. Unfortunately the pitch is very heavy and doesn't look like improving due to the amount of games already played on it. Oh to have full time ground-staff.

We hope to run a few games during the midterm. U16's cup game away top Fenit this afternoon, U16 league game Wednesday at 6 and U15 league game Thursday at 4.30. Both home games will be on the all weather.

"Continuing to play until the age of 50 will be difficult, but its not impossible either" - Roma's Francesco Totti insists his 36 year old body has some soccer life left in it.
